Catalog of Extant S Class Boats built by HMCo and G.S. Lawley & Sons

The Herreshoff Manufacturing built over 1000 sailboats between 1883 and 1946, many of which are still in existence. This document contains a listing of each of 105 HMCo S Class boats which have been identified as status: FOUND (51), NO NUMBER (6), UNKNOWN (30), DESTROYED (13), FOUND_AS (2), & NOT BUILT (3). Those boats previously listed as NO NUMBER that have since been identified are listed as FOUND_AS (2). While these boats and those that were NOT BUILT (3) have a leading count number, they are not counted in the total S Boats built by HMCo: 100.

The information presented is only a summary entry. For more complete information, refer to the Details page for each vessel: each Hull Number is a live link.

The listing is presented in Hull Number order.
